

Daniel Alejandro Guerrieri

WEB DEVELOPER FULL STACK

Profile

During 2019 I studied full stack web development at Acamica. I received very good feedback from mentors.

I constantly improve myself, which has led me to gain knowledge of various kinds, always linked to technology. I consider myself a self-taught person, I have had experiences, which I resolved by seeking information and learning by myself.

I am a sociable person and I achieve a good working relationship with both bosses and colleagues.
